Free Simple Resume Template by Google DocsHere's a two-column resume template that's really easy to read—which is a strong advantage if you realize that recruiters take only 6 seconds to skim each resume they get. This design will let you save space for the work experience and education section by moving your skills, awards, and languages to the sidebar. The blue color gives it a sleek look, which not all free resume templates can do. Check out Google Docs resume templates here. Free Simple Resume Template by CanvaThis Canva's free resume template is designed to serve younger professionals who're only embarking on their career journeys. If you put your core skills and education above your experience, you'll draw the recruiter's attention to your academic achievements and transferable skills. If you're a beginner job seeker, that can help get hired faster! Get it here. In total, Canva offers nearly 3K free simple resume designs (see here) but choose wisely. They have been created by graphic designers and not HR experts so many have too vivid colors, non-standard fonts, and little room for actual resume content, which makes them good-looking but not really practical. Free Simple Resume Template by HloomGiven the simple design, this free resume template is perfect for executive roles that may need to create a two-page resume. The subtle blue horizontal lines are a great highlight for candidates with extensive relevant experience. It's important because at this career level, the content (and not the looks) is meant to make your resume stand out. Click here to get this template or browse 62 other free simple designs from Hloom. But! Are they good for your resume? Text editors are clunky and not always reliable, and what you're risking here is your chance of landing your first job or promotion. And then there's the inevitable frustration that comes with formatting your resume. Grr...Turn worry-free (but job-full) with one of Zety's pre-formatted resume templates. And while you're at it, let the resume builder wizard guide you through the entire process and provide you with ready-made content from Certified Professional Resume Writers! What is the best free template for a resume? A free resume template with a "the best" badge helps you fit your entire (yet still relevant) professional accomplishments on one page. For entry-level candidates, it does the same with academic achievements. The best template for a resume also orders your qualifications in a reverse-chronological format so that the most recent ones are in a prominent spot. Plus, it never forgets about the additional sections to impress even more. The best free resume templates are also properly formatted. Matched with a cover letter, they give away a tiny bit of your personality, all while featuring a modern resume templates are also properly formatted. Matched with a cover letter, they give away a tiny bit of your personality, all while featuring a modern resume templates. you? First, you get to receive far more offers than you would otherwise. This is simply because well-formatted templates are ATS-friendly, which ensures your resume will actually land on recruiters' desks rather than getting rejected by recruitment software. Secondly, recruitment software. Last but not least, you simply get to spend more of your time on what you really enjoy doing, rather than struggling with an unwieldy word processor. How to write a simple resume using a free resume template? With the Zety builder, you'll only need to drag and drop the content on your resume. That's how simple writing a resume can be. Is there a single best format in which to download a free resume template? So, Word or PDF resume template—which is because you can be sure your content will stay exactly as you saved it. Word files are risky because they can behave differently on various devices: your resume may well look good on your laptop, but the formatting can go completely awry when it's opened on the recruiter's computer. However, always pay attention to what recruiters say in the job description. You want to send precisely the resume file formats! So no matter which one your future employer needs, you'll deliver. Does Microsoft Word have free resume templates? Yes. But you know how a text editor can be—moving the text and objects exactly where you don't want them. Plus, you'll have to write everything from scratch without a single prompt from a professional resume writer. And, you'll need to figure out how to format the resume yourself. Psst. The Zety builder takes care of all that.
